PULMONARY AND SLEEP ASSOCIATES OF SOUTH JERSEY, LLC (PSA)

PATIENT CONSENT FORMS

The Federal Government has established a "Privacy Rule" to insure personal health information (PHI) is protected. PHI means health information, including demographic information collected from me and created or received by my physician, other health care provider, health plan, employer or billing companies. PHI is kept secure in this medical practice. It is provided only when appropriate and necessary to those who need it for treatment, payment or health care operations.

PSA is required to obtain your consent to provide treatment. **YOU MAY REFUSE** to consent to the use or disclosure of your PHI, but this must be in writing. **Under the law, we have the right to refuse to treat you should you choose not to sign this consent.**

I consent to the use or disclosure of my PHI by PSA for the purposes of treatment, payment of healthcare operations. I understand that diagnosis or treatment of me by PSA may be conditioned upon my consent as evidenced by my signature below.

I may revoke this consent, in writing, at any time, except to the extent that PSA has taken action in reliance on this consent.

I have the right to review the Notice of Privacy Practices for PSA before signing this consent Form. **(IT IS ON DISPLAY IN THE WAITING ROOM FOR YOU TO READ).**

I have the right to request a restriction as to how my PHI is used or disclosed to carry out treatment, payment or healthcare operations. PSA is not required to agree to the restrictions, however, if PSA agrees, the restriction is binding.

Automated Messaging System

"By supplying my home phone number, mobile number, email address, and any other personal contact information, I authorize my health care provider to employ a third-party automated outreach and messaging system to use my personal information, the name of my care provider, the time and place of my scheduled appointment(s), and other limited information, for the purpose of notifying me of a pending appointment, a missed appointment, overdue wellness exam, balances due, lab results, or any other healthcare related function. I also authorize my healthcare provider to disclose to third parties, who may intercept these messages, limited protected health information (PHI) regarding my healthcare events. I consent to the receiving multiple messages per day from my healthcare provider, when necessary. I consent to allowing detailed messages being left on my voice mail, answering system, or with another individual, if I am unavailable at the number provided by me."

E-Prescribing PBM Consent Form

e-Prescribing is defined as a physician's ability to electronically send an accurate, error free, and understandable prescription directly to a pharmacy. Congress has determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care.

Benefits data are maintained for health insurance providers by organizations known as Pharmacy Benefits Managers (PBM). PBM's are third party administrators of prescription drug programs whose primary responsibilities are processing and paying prescription drug claims. They also develop and maintain formularies, which are lists of dispensable drugs covered by a particular drug benefit plan.

The Medicare Modernization Act (MMA) 2003 listed standards that have to be included in an ePrescribe program. These include:

Formulary and benefit transactions - - Gives the prescriber information about which drugs are covered by the drug benefit plan.

Medication history transactions - - Provides the physician with information about medications the patient is already taking prescribed by any provider, to minimize the number of adverse drug events.

By signing this consent form you are agreeing that *Pulmonary and Sleep Associates of South Jersey* can request and use your prescription medication history from other healthcare providers and/or third party pharmacy benefit payors for treatment purposes.

Patient Name (printed) _____ Date of Birth ____ / ____ / ____

Signature of patient (or representative) _____

Date ____ / ____ / ____ Relationship if other than patient _____

ONLY TO BE FILLED OUT IF YOU ARE COMING FOR A SLEEP DISORDER

If "YES", are you on medication for this?

Yes No

EPWORTH SLEEPINESS SCALE

In contrast to just feeling tired, how likely are you to doze off or fall asleep in the following situations? (This refers to your usual life in recent times. Even if you have not done some of these things recently, try to work out how they would have affected you). Use the following scale to choose the most appropriate number for each situation.

0 = would never doze

1 = slight chance of dozing

2 = moderate chance of dozing

3 = high chance of dozing

Chance of Dozing 0 1 2 3

Sitting and reading-----

Watching television-----

Sitting inactive in a public place (i.e. a theater or a meeting)

As a passenger in a car for an hour without a break

Lying down to rest in the afternoon when circumstances permit -----

Sitting and talking with someone.

Sitting quietly after lunch without alcohol

In a car, while stopped for a few minutes in traffic
